FIDESIC
BY ENLIVEN SOFTWARE

Streamline your payables process with Fidesic AP

You can take advantage of the Fidesic AP service as an integrated feature of Intuit QuickBooks. There is no need to set up or learn a new process to start sending your invoices electronically and reaping the benefits of Fidesic AP solutions. Fidesic gives you an accounts payable process for small business that has all the tools and power of an enterprise level solution.

✓ Reduce manual tasks

✓ Save time

✓ Simplify month-end

Fidesic AP Delivers the fucntionality your payables department needs

Accounts Payable by Fidesic has features and functions designed to save your Accounting Department time and save your company money.

- **Import Invoices Directly Into Your QuickBooks System**

  Once invoices are approved within our system, you can easily import them into QuickBooks without going through an intermediary file. Simply click import, and all invoices will be added with zero data entry required.

- **Web Based Payment Approval**

  Payment approvers do NOT need to be users of QuickBooks to approve payments. They can approve from any web connected device.

- **ACH and Papercheck Fulfillment**

  Approved payments will go out via ACH or Paper Check automatically. We'll process ACH files directly to your bank and can offer outsourced check fulfillment.
